1. Answer. Is technology making our lives better or worse?
Technology is making our lives better in many ways. I think that it helps us communicate with people from all over the world instantly. Everyone can learn online and access the information easily thought the internet. However, it can also cause problems like addiction to social media and less face-to-face communication. Some people spend too much time on their phones instead of interacting with others. In my opinion, technology is mostly positive if we use it responsably. It is important to balance technology with real-life actiuties.

2. Read the following sentences and underline the phrase that expresses an opinion.

a) In my opinion, social media helps people stay connected.
b) I think students should use technology for learning.
c) As I see it, online classes offer flexibility.
d) I believe teamwork improves learning results.
e) If I had the opportunity, I would study abroad.

3. Complete the sentences using one of the opinion expressions.

a) In my opinion, learning english opens more job opportunities.
b) I think, schools should use more digital tools.
c) If I had the chane, I would travel to another country to study.
d) I believe, students learn better through practice.
e) As I see it, technology can sometimes be distracting.
